Budget
Discussed ideas for next steps on the budget:
- Come up with a recovery plan and map it out. Include short, middle, long term plans with timelines and accountability.
- Look into certificate programs and high school academies (BUS, IT, HOST, CULN).
- Focus on growth rather than reductions.
- EMT classes are offered without age limit; offering EMT refresher courses; 200 sailors will need training; 400+ lifeguards will need EMT training.
- KapCC’s Ignite team has started to visit high school academies.
- Systemwide collaboration and coordination with the DOE.
- The culinary team is having discussions with the Navy and Air Force.
- Refer back to last year’s goals - attract returning adults through distance education, increase international students and retention.
- Create an action plan.
